Are children or senior adults attending the event? If so, they typically do not eat near as much as a young to middle age adult.

Will dessert be provided? Side items and desserts will be “fillers” that could reduce the amount of meat that you will need.

A pint of potato salad, beans, or cole slaw will feed approximately 3-5 people.

A full-size pan of potato salad, beans or cole slaw will feed approximately 70-75 people.

There is no way for us know exactly how much the members of your event are going to eat. Typically, we have found that it is almost always best to go somewhere on the high end as opposed to the low end to make it more likely that you will not run out.

It is not advantageous, nor is it our intention, to send more food to your event than you need. But at the same time, we also do not want you to run out.

Brister’s Smokehouse BBQ ownership and our employees can make recommendations for your order based on our experience. But the final decision as to the total quantity of food for your event is your responsibility. Brister’s Smokehouse BBQ will not be held responsible for either too much or too little food being provided for your event.

One week’s notice is greatly appreciated, if possible, for large orders. This insures that we will have the quantity of food available when you need it.

FAQ

Does Brister’s Smokehouse BBQ cater for parties and events?

Yes, We have catered events from as small as 10 people to as many as 500 people. Please see the catering guide for answers to questions you may have and guidelines we suggest.

What is pulled rib meat?

Just as the name implies, this is rib meat from our delicious pork ribs that have been pulled off the bone, put on a bun, and made into a delicious and very popular sandwich.

I work in an office and we would like to place a large food order from Brister’s Smokehouse BBQ for our staff. What is the best way to do this?

If possible, it is best to give Brister’s Smokehouse BBQ at least one day’s notice on large orders. We encourage someone in the office to take everyone’s order, type it, and email it to bristersbbq@gmail.com To be fair to our other customers and keep our dine-in line moving efficiently, we ask that all large orders be paid for on one ticket and then divided back at your location. The time it would take us to ring up each individual order would severely slow down our dine-in operation. Thank you for your understanding.
